

2kW Military Tactical Generator

500 Hour Service Kit

The 2kW Military Tactical Generator is fully supported by DoD Logistic and Dewey Electronics. Our Spare and Repair group can provide parts and help you with your servicing requirements. We also provide telephone and e-mail solutions to your problems.

The technical manual for the 2kW Military Tactical Generator is available for download on our web site www.deweyelectronics.com

Additionally, we offer a 500 hour service kit which includes all of the recommended spare parts that the 2kW MTG will require as part of the preventative maintenance schedule for the first 500 hours of operation as called out in the technical manual. This kit is available from Dewey Electronics.

2kW MTG 500 Hour Service Kit MEP-501A or MEP-531A
